

2nd International Workshop on

Search and Mining User-generated Contents

<http://labs.brainsins.com/events/smuc2010/>

Important Dates:

Submission: 30 June 2010

Acceptance: 30 July 2010

Camera-ready: 15 August 2010

Workshop: 26/30 October 2010

Organizers:

Jose C. Cortizo (BrainSins, Spain)

Francisco Carrero (BrainSins, Spain)

Ivan Cantador (UAM, Spain)

Jose A. Troyano (US, Spain)

Paolo Rosso (UPV, Spain)

Topics of Interest: Works that apply Information and Knowledge Management techniques like data/text mining, information retrieval, semantics, etc. into the fields of Social Media and Opinion Mining/Sentiment Analysis. Topics of interest include, but are not limited to:

Mining Social Media

- Knowledge Discovery · Social networks analysis/mining · Tagging analysis/mining
- Link and graphs analysis · Community detection and evolution · Influence, trust and privacy analysis · Topic detection and trend discovery · Spamming and phishing detection · Social Media vandalism
- Cross-lingual/cross-domain text mining

Opinion Mining / Sentiment Analysis

- Opinion extraction · Opinion classification
- Opinion summarization and visualization
- Blogs analysis · Opinion flame · Temporal sentiment analysis · Cross-lingual/cross-domain sentiment analysis · Irony detection in opinion mining · Wish analysis · Product review analysis

Search in Social Media

- Novel social search algorithms · Novel search algorithms for Social Media · Social ranking · Multi-entity search · Multi-faceted search · Multilingual IR for Social Media
- Multimedia IR for Social Media · User modeling and personalization in Social Media
- Decentralized, distributed and high performance algorithms · Architectures, scalability and efficiency

CIKM 2010

*19th ACM International Conference on
Information and Knowledge Management*

Toronto, Canada

October 26 - 30, 2010
